TERRY WEAVER

A LOUD AND CLEAR MESSAGE FOR THIS GENERATION

BIOGRAPHY

For over fifteen years Terry Weaver has been traveling extensively, challenging THIS Generation about the message of the cross and the purpose God has for their lives. This journey has taken him across the country and to several foreign countries, including Texas. Along the way there have been stops at various events including camps, retreats, revivals, Disciple-Nows, Rallies, conferences, workshops, leadership training, concerts, festivals, theme nights, all-nighters, crusades, church services, youth groups, Christian schools and college chapels. If he's speaking to students for one of the largest churches in America, or on a Sunday morning at one of the smallest, the message stays the same. He has a passion for THIS Generation, whether it is youth, college students, or young adults. Terry wants every person he encounters to know that God loves them more than they could ever imagine and that God desires to have a relationship with them!

Terry grew up in a church that was spiritually dead, and caught up more in religious activity than a passionate pursuit of the Son of God. At age 5, Terry "prayed the prayer" of salvation, and during his childhood had the head knowledge of Christ while going through the motions of a "church kid". When he was 12, Terry surrendered his life to Christ through a public profession of faith. From a young age, he knew that God was calling him into a full-time ministry. God was opening doors for Terry to speak right away. Just after his 16th birthday, he has the chance to speak to over 3000 students attending a conference. As a result of this experience he became a Youth Pastor at the age of 18. The passion that he has for THIS generation has caused him to step out on faith and develop the traveling speaking ministry that has become so much more than that with Fuselage.

As part of THIS Generation, he knows the struggles and issues that students today are facing. Having grown up in a broken home, he understands the heartbreak and rejection associated with divorce and not having a consistent father figure. He grew up living with his Mother and by the time Terry reached 18 his Mom had been married and divorced four times. Through those tough times, Terry realized that there was someone who loved him deeply, Jesus was and is the Dad that will always be there, and Jesus will never change. Terry masterfully takes issues that are facing THIS Generation, and applies Biblical truth to them. He uses fresh, cutting edge methods to convey the timeless, relevant message of Jesus Christ.

Terry's heart is to see lives changed and brought into the kingdom of God. He is driven by a passion to see students 100% committed to Christ. Terry is constantly challenging students to live out their faith in a radical way. He strongly believes that worship is more than a song we sing, but a life we live. Developing ministry driven artists and bands that are dedicated to worship is an integral part of FUSELAGE the ministry Terry founded. The ultimate goal is to see a generation that hangs out at the foot of the cross.

Terry and his wife, Leslie currently reside outside of Nashville, Tennessee with their feisty miniature schnauzer, Gibson.

WHAT PEOPLE ARE SAYING

"...God continues to bless my relationship with Him. I went before my church this past Sunday and prayed with my pastor about my relationship with Christ. God is so amazing and keeps strengthening me through my friends. Thank you for your messages at camp. God really changed my heart. Thank you for spreading His awesome Word." (Jennie, High School Student)

"Terry is an outstanding communicator who does an amazing job of relating to youth. He displays a passion for young people that translates into changed lives.... In the five nights of the revival Terry developed a relationship with the students that has led to the formation of two new prayer groups in our local schools and an increase in attendance at the existing clubs." (Rob, youth pastor)

"I just wanted to say last night really touched me. I had just gone through something the day before and the night of praise helped me give it all to God." (Jessie, college student)

"Terry Weaver is a great communicator with students. From the minute that Terry took the stage he had the attention of my students both during the funny stories and the serious points of the message. I would take my students to see Terry again in a heartbeat!" (Scott, Student Pastor)

"Terry's effective and dynamic speaking ability is really only the beginning of his ministry, it goes on in providing effective programming for the entire event." (Susan, youth pastor)

"I liked the way Terry approached campus evangelism. He did not just throw it at us, but made it real and presented it in a way I could relate and remember. I am still carrying the things I learned at Summit Lake with me now in November over two months later." (Kimberly, High School Student)

"...I highly recommend Terry for your next big event, retreat, Disciple Now, worship service, or camp. He is capable, has great experience, and terrific ideas. (Allen, Sr. Pastor)

"Terry Weaver has a passion for speaking to Youth, and knows how to connect with them as well. One of the things I really appreciated about working with Terry was his willingness to adapt to our program and kids." (Dave, Middle School Director)

"Last week at the crusade I brought my friend. He has had A LOT of junk in his life and hasn't every really thought about God. Your talk on salvation made him really think. It changed his life, thank you!" (Mark, Student)

"The S.Y.A.T.P rally became a life changing experience in our youth group. Terry and the band mingled with the kids, and their passion for real, life lasting ministry was obvious. Terry challenged the youth to not only meet at the Pole (a one-time event) but meet daily for prayer time. My kids have taken this to heart. The high school group meets daily in the center of their parking lot for prayer. They continue to meet despite ridicule because of the impact Terry's speaking has had on their view of the responsibilities of Christians. The middle school group has exploded, meeting Monday, Wednesday, and Friday morning for prayer, and leading their peers to Christ." (Jonathan, Youth Pastor)

"Terry is funny, a little goofy, but brilliant when it comes to preaching to teenagers. He always includes jokes in his sermons, but all his humor boils down to what really is important. He makes learning about God and accepting Him as part of your life in away teenagers get." (Sara, high school student)

"Terry has a deep compassion for the needs and hurts of students that is manifested when he speaks, his godly character was obvious to our leaders and our students...I highly recommend him to speak to your students." (Scott, Jr. High Pastor)

"God is awesome Terry, and you helped me realize that this past weekend! Thank you so much." (Taylor, Jr. High Student)

"Terry's message comes across Loud and Clear. Loud because his message is backed by his character; Clear because his ministry is Biblically based, driven by a passion for God, and his love for young people." (Steve, Assistant Pastor)
